

Haytor View Community Primary School & Nursery

Attendance Policy 2017 – 18 (12-1-18)

Learning together - enjoying success - aiming high - celebrating difference – enriching community

Rationale

Haytor View Community Primary School is committed to providing a full and quality educational experience for all pupils. We believe that if pupils are to benefit from education, good attendance is crucial. As a school we do all that we can to ensure maximum attendance for all pupils. Any problems that prevent full attendance will be identified and addressed as speedily as possible.

It is the policy of our school to celebrate achievement. Attendance is a critical factor to a productive and successful school career. Our school will actively promote and encourage 100 per cent attendance for all our pupils.

Our school will give a high priority to conveying to parents and pupils the importance of regular and punctual attendance. We recognise that parents have a vital role to play and we aim to establish strong home-school links and communication systems, which can be utilised whenever there is concern about attendance.

If there are problems which affect a pupil's attendance we will strive to work in partnership with parents and pupils to resolve those problems as quickly and efficiently as possible. We will adopt a clearly focused approach aimed at returning the pupil to full attendance at all times.

It is the responsibility of the whole school community to promote regular attendance at school.

This policy applies to children all children on the school roll, both those attending full and part time.

Objectives

- To encourage full attendance and punctuality of all children on roll;
- Support parents to reduce absenteeism and address Persistent Absence;
- Liaise directly with pupils and their families to facilitate effective communication with schools and related services to address issues of attendance;
- To record and monitor attendance and absenteeism and apply appropriate strategies;
- To minimise the occurrence of absenteeism;
- To acknowledge and reward a successful record of attendance;
- To reward 100% attendance;
- To ensure a consistent and rigorous approach to attendance and the monitoring of;
- To work with the appropriate members of the school, the education welfare service and appropriate agencies in developing and maintaining a school attendance policy;
- To encourage parents to be actively involved in promoting their child's attendance;
- Implement the legislative requirements regarding the employment of children. This may include visiting employers and families where it is alleged that the child is working illegally;
- Safeguard and promote the welfare of all children of compulsory school age.

Statutory Duty of Parents

The Education Act 1996 requires parents or guardians to ensure their children receive efficient, full-time education, either by regular attendance at school or otherwise.

Statutory Duty of Schools

Schools are responsible for recording pupil attendance twice a day; once at the start of the morning session and once during the afternoon session. An entry must be made in the attendance register for all pupils of compulsory school age who are on the school's admission roll.

Principles

Parents are legally responsible for ensuring that a child of compulsory school age attends school regularly. We will work towards ensuring that all pupils feel supported and valued. We will send a clear message that if a pupil

is absent, she/he will be missed. We will encourage parents/carers to be actively involved in promoting their child's attendance. We will ensure that all staff are aware of the requirements of the registration process and that they receive training on Registration Regulations and the Law relating to attendance.

Regular information will be sent to parents and pupils informing them of attendance rates and related issues. Attendance will be an important feature of the school Improvement Plan. Consistent and vigorous monitoring and evaluation procedures are in place.

INDIVIDUAL PUPIL MONITORING & FOLLOW UP ACTIONS:

All attendance matters including lateness, holiday absence and illness are managed on an individual basis with the parent and child, in order to support a personalised approach to good attendance within the framework of the policy:

- There is fortnightly analysis undertaken of all children with attendance of 95% or below, the attendance patterns and reasons for absence are reviewed on an individual basis. This analysis also includes identifying children with 10 absences or more, in order that appropriate measures can be taken;
- Fortnightly TAPAS leadership meetings have 'Attendance' as a standing item, providing a regular opportunity to review issues and actions;
- Where there are concerns regarding the volume of absence or patterns of absence, a meeting will be arranged with the class teacher or phase leader;
- Where there are unusual patterns or volume of absence, parents will be informed that their child's absences will no longer be automatically authorised. Authorisation for absence will depend upon individual circumstances, in this situation where parents are able to provide evidence of the reason for the absence such as a medical appointment card, the absence will be authorised;
- Where a child's attendance falls below 90%, further scrutiny is undertaken as to the reasons for the high level absences;
- Children with attendance below 90% are identified by the DFE as Persistent Absentees, and require immediate addressing.
- Where a child's attendance falls below 90% there will be scrutiny undertaken by the administration team over the preceding 6 month period, if there are 20 unauthorised absences over this period the Education Welfare Officer will be informed in order that they can undertake appropriate action;
- The school in partnership with the Education Welfare Service will initiate Fast Tracking procedures in an effort to improve attendance. Where this is not successful in improving attendance, legal advice will be sought.
- The reason for the absence is recorded on the electronic register and is recorded as either UNAUTHORISED or AUTHORISED according to criteria outlined above;
- Informal discussions may be held with children following absence/lateness;
- Where there have been significant improvements in a child's attendance, the child's achievements will be celebrated on the newsletter and they will receive an individual certificate in assembly ;
- When teachers and school leaders meet with parents, they refer to the Pupil Absence % table to demonstrate impact on learning time for children.
- *Any record of a meeting with a parent to discuss attendance, will be recorded on the child's individual communication log;*

HOLIDAY ABSENCE

As from the 1st September 2013, all schools are unable to authorise any requests for absence relating to holidays in term time. This has been brought about by an amendment to the Education (Pupil Registration)(England) Regulations 2006 which has removed reference to holidays and the ten day period.

These changes reinforce the government's view that every minute of every school day is vital and that pupils should only be granted authorised absence by the school, in exceptional circumstances e.g. illness, exclusions, or due to other unavoidable causes.

Parents are reminded that unauthorised absences may result in the instigation of parental responsibility measures which could be a penalty notice, or a fine of up to £2,500 and/or a term of imprisonment of up to 3 months.

Where parents have requested holiday:

- Unless the request can be considered as 'exceptional circumstances', the holiday leave will be unauthorised;
- The parent will be contacted by the class teacher to inform them of the policy;
- Where a family has holiday absence, an analysis will be undertaken by the administrative team, of the preceding 6 months attendance to identify whether it falls below 90% and whether there are 20 unauthorised absences. Where this is the case, the Education Welfare Officer will be informed for their consideration as to fixed penalty notice or fast tracking procedures;

Where a child is absent from school and it is suspected that they may be on holiday:

- Parents will be required to receive medical evidence of absence;
- If parents are not able to be contacted absence will be unauthorised;

PERSISTENT ABSENCE

The DFE thresholds are used to identify children as persistently absent, the school uses its judgement in determining whether the parents of identified children are contacted by letter or whether an appointment held with a school leader. Children with attendance below 90% are identified by the DFE as Persistent Absentees, and require immediate addressing.

AWARDS

- Individual termly stickers and certificates are given for 100% attendance;
- Individual 100% attendance across the year are awarded certificate and badge;
- Individual end of year certificates (framed) and awards are given for 100% attendance;

SAFEGUARDING:

- A record of named children where safeguarding is a concern is kept in the office, in the event that one of the named children is off from school a school leader is informed;
- Where a pupil has a CiC, CiN or CP Plan, the social worker is informed of any absences by email, including the details e.g. explained or unexplained. The email is passed onto the Parent Worker for their attention, to ascertain a response to ensure a thorough audit trail;

- Where a family cannot be contacted, one of the emergency contacts from the pupil record will be called to seek assurance over the safeguarding of the child;
- If there is an allocated social worker, contact will be made to see if they can get assurances over the safety of the child;
- School Leaders may undertake a home visit where they are concerned as to the reasons for a child being kept off from school;
- If no contact is able to be sought and the child has not been seen/located, the following will happen:
 1. School Leader will Risk Assess the situation based on known information;
 2. The Police will be contacted on 999 if the child is considered to be at risk of immediate and significant harm or danger;
 3. The police will be contacted on 101 if not at risk of immediate significant harm, but where there are escalated welfare concerns;
 4. If there is no immediate increased risk, contact will continue to be made by the above means. Where this is unsuccessful the Education Welfare Officer will be contacted to undertake enquiries, it will be reviewed as to whether the police will be called on the 101 number;
 5. Where there has been no contact made ahead of a weekend, the police will be contacted on the 101 number.

A record will be kept of all action taken on the pupil communication log or safeguarding file, as appropriate to ensure there is a robust audit trail.
