

16th July 2021

Dear Parent,

Governor Awards 2020 - 21

As we find ourselves with a week to go until the end of this school year, it is a time when we are reminded of the year that has passed, and the challenges faced.

It has been said in many letters to parents this year, but it is worth saying again just how respectful and grateful we are for the way in which you have supported both your families and the school during this period. We can be hopeful of an uninterrupted school year beginning in September 2021, and the continuation of efforts to support children's sense of value, place and develop their learning.

Typically during the course of the year children across the school would have received governor awards in recognition of their efforts in a range of aspects of school life. With changes to arrangements and assemblies this year, these have yet to be awarded.

To recognise the efforts of every child in making such a difficult year a success we are pleased to be planning to award every child in school a 2020-21 Governor Award. This will see them presented with a badge by their teacher next Friday the last day of term, which they can wear proudly, not just this year but in future years too.

We hope that this small token of recognition and respect is one that can be 'felt' throughout every Haytor View home as the end of the Summer Term comes into view.

Thanking you once again for everything that you have brought to your child and the school community during recent times.

Yours sincerely,

Niema Bohrayba
Chair of Governors
