

Instructions- How to make a poppy

You will need:

- Scissors
- Glue or tape
- Red paper or white paper which has been coloured red using pencils, or felt tips
- Green paper or white paper which has been coloured green using pencils or felt tips
- Poppy template to make shape (can be drawn freehand)
- Leaf template (can be drawn freehand)
- Black paper or white paper which has been coloured black using pencils or felt tips
- Thin stick, lollypop stick or straw
- A piece of card cut the same shape as the poppy petals.

The Petals

1. Cut out a piece of backing cards which is the same shape as the petals. This will be used to stick the petals onto to give the poppy strength.
2. Draw a petal template (use the image on this PowerPoint as a guide).
3. Cut out the petal shape from the red paper.
4. Stick the petals to the card that is the same shape.

The Leaf

1. Draw the leaf template and colour it.
2. Cut the leaf out.
3. Stick the leaf onto the back of the poppy.

The Centre

1. Cut out a circle from black coloured paper.
2. Stick the black circle in the centre of the poppy.

The Stalk

1. Find a stick or cut a straw to a length of around 10 cm.
2. Paint/colour the straw/stick green.
3. Leave it to dry/settle.
4. Stick the stalk onto the back of the poppy.
