LI: To practice adding number bonds to make 10 and 100.

Great mathematicians are always fluent (can quickly tell someone else) number bonds for 10 and 100.

CHALLENGE 1 : 0 - 10

Write the number you need to add to make 10 next to these numbers:

7	3	2	8	0		9		1	
4		3		6		10		5	

CHALLENGE 2 : 0 - 100

Write the number you need to add to make 100 next to these numbers:

70	30	20		0		90		10	
40		30		60		100		50	

For an extra challenge:

Ask an adult to test you and time you! Only move onto the next one when you have mastered the one before...

Number bonds from 0 - 10 _____minutes and _____seconds.

Number bonds from 0 - 100 _____minutes and _____seconds.
