

1st November 2022

Dear Parents and Carers,

School Photos – Friday 11th November

We are pleased to share that school photos will be taking place in school on Friday 11th November. We plan for all children to have individual photos taken during the course of the day.

For those of you familiar with school photos at Haytor View, you will know that we are always keen to support family or group photos being taken, even when children are not yet at school with us. If you would like to have a family photo taken **with siblings who do not attend Haytor View** you are invited to come to the school hub **from 8.15am** to have your group photo taken on a first come, first served basis. We may have a number of families having photographs taken so please bear with us during this time.

We also like to offer the opportunity for siblings in school to have their pictures taken together. With our photographer with us all day we plan to make arrangements for these photos to take place for all families with more than one child with us. We will manage these in school during the day and therefore you do not need to bring children in earlier if they attend Haytor View.

Proof cards of your children's photos will be sent to you the week following pictures being taken, with details of how to place your order and make payment online.

We look forward to a memorable day, and the opportunity for you to have school photos to share with families and loved ones by the end of term.

Yours sincerely

Scott Hampton
Co-Head Teacher
